MINUTES

The June 2007 board meeting minutes were presented for approval. David Kingery made a motion to approve the minutes with a correction to add Doug Leon as a visitor. The motion was seconded by Frank Rydalch and all members voted in favor.

SUPERVISION DISCUSSION

F. David Stanley stated the state legislative Administrative Rules Review Committee wanted the Division to address the topic of supervision for the various licensed professions and see if it was possible to standardize the various definitions as they pertained to the different types of supervision. Stanley presented language for the different types of supervision. The board members were asked to review the definitions and then determine if the definitions should be adopted as presented, adopted with some modifications or for the board to maintain their own definition or definitions without using any part of the discussed definitions. Stevens stated the board should think this over and be prepared to make a decision at the next board meeting in August.

REVIEW ELECTRICAL RULES

Dennis Meservy reviewed with the board suggested changes to the administrative rules for electricians. The board is to review these changes and work on possible changes to the definitions for electrical work and minor electrical work including residential wiring.

**MULTI-STATE MEETING
DISCUSSION**

A comparison chart was distributed to the board with current requirements for each state in the Multi-State Reciprocal Electrical Licensing Group. Stevens stated that both he and Meservy would be attending the Multi-State August conference in Helena, Montana. Stevens indicated he would report back to the board about the conference at the next board meeting.

CONTINUING EDUCATION

IEC OF UTAH

Renee McDonough of IEC of Utah gave a brief presentation regarding a two hour continuing education course on the state construction lien registry.

Harold Weight made a motion to approve the IEC continuing education course. The motion was seconded by Kingery and all members voted in favor.

360 TRAINING

Stevens at the previous board meeting in June asked the board members to go on line and review the four continuing education courses that had been submitted by 360 Training. Kingery made a motion to approve the four continuing education courses. The motion was seconded by Rydalch and all members voted in favor.

ElectricalCEU.com

There were board members that had not gone on-line and reviewed the continuing education course for ElectricalCEU.com. Stevens asked those who had not reviewed the course to do so and be prepared to make a motion at the August board meeting.

REVIEW TEST SCORES:

Thomson Prometric, the testing provider, provided the board with test scores and strength and weakness reports for six months. The board after reviewing the reports concluded there appeared to be an improvement in the state test scores.

APPLICATION REVIEW:

Board reviewed out of state applications.

All business concluded, meeting adjourned.

Note: This report is not intended to be a verbatim transcript, but is intended to record the significant features of what was discussed in the meeting. Discussed items are not necessarily arranged in chronological order.
